

For Immediate Release

Wyoming Valley School Cultural Arts Center and Town of Wyoming (WI) Receive \$90,200 Community Development Investment Grant

Spring Green, WI: Wyoming Valley School Cultural Arts Center (WVS) and the Town of Wyoming, WI has been awarded the Community Development Investment Grant in the amount of \$90,200. The grant was issued by Wisconsin Economic Development Corporation (WEDC).

This is the first time that WVS and the Town of Wyoming have been awarded a grant from WEDC, with the funds being used for preservation work. The project involves stabilizing subsidence under a portion of the foundation, repairs to the chimney, and a new wood shingle roof. Interior work will include sheet rock and wood sheathing repair and partial interior painting.

The Frank Lloyd Wright-designed building was opened in 1958 and is the architect's only elementary school commission. Closed in 1990, the building was opened to the public again in 2010 as a cultural arts center. The upcoming preservation work will help WVS prepare for many years of expanded community outreach.

About WVS: The Wyoming Valley School Cultural Arts Center is a 501(c)(3) organization whose mission is to restore and preserve this architecturally significant Frank Lloyd Wright building, retain its original use as an educational and gathering center, and offer a variety of public programming and event opportunities for adults and children.
